        Health care and patient safety
        Health information and e-health
Resolution:  GC10-106

The Canadian Medical Association will work with provincial/territorial medical associations and other stakeholders including patients to develop a national strategy for the long-term retention, retrieval and disposal of medical records.
Practice management strategy
https://policybase.cma.ca/en/permalink/policy569

Policy Type: Policy resolution
Last Reviewed: 2017-03-04
Date: 1995-10-14
Topics: Population health/ health equity/ public health
Resolution: BD96-03-53

That the Canadian Medical Association develop a complete practice management strategy that will address the physician’s needs in areas of: 1. Professional Development (including PMI, Leadership Conference); 2. Office Automation (training physicians to deal with the rapidly changing technologies, including hardware requirements/options, new software developments, the paperless office, online applications, etc.). 3. Health Reform (assisting physicians in dealing with practice issues that arise out of the changes being implemented by provincial/territorial governments); 4. Personal Financial Services; 5. Practice Counselling for New Physicians (establishing a new practice, including type of practice (solo, group), the pros and cons of legal and tax implications, office design, etc.); 6. Audit process for Established Physicians (to allow established physicians to effectively evaluate their current practice and identify opportunities for greater efficiencies).

Automated medical information systems
https://policybase.cma.ca/en/permalink/policy701

Policy Type: Policy resolution
Last Reviewed: 2017-03-04
Date: 1976-06-25
Topics: Health information and e-health
Resolution: GC76-39

The Canadian Medical Association encourages the development of field projects for automated medical information systems for practising physicians.
National health care database
https://policybase.cma.ca/en/permalink/policy714
Policy Type: Policy resolution
Last Reviewed: 2017-03-04
Date: 1985-08-25
Topics: Health information and e-health
Resolution: GC85-45
The Canadian Medical Association recommends the development of a sound national health care database, accessible to health care professionals’ associations and legitimate researchers.
