Funding criteria for any new electronic medical record initiative

https://policybase.cma.ca/en/permalink/policy11925

Type: Policy resolution
Date: 2016-Aug-24
Topics: Health systems, system funding and performance
       Health information and e-health
Resolution: The Canadian Medical Association recommends that funding criteria for any new electronic medical record initiative include the ability for patients to access and contribute to their record.
