Patient bill of health information rights

https://policybase.cma.ca/en/permalink/policy9498

Policy Type: Policy resolution
Last Reviewed: 2016-May-20
Date: 2009-Aug-19
Topics: Health care and patient safety
Health information and e-health
Ethics and medical professionalism

Resolution: The Canadian Medical Association and provincial/territorial medical associations call on governments to engage patients and the public in the development of a patient bill of health information rights that sets out a vision for the governance of patient health information.

Evaluation of the impact of health information technology

https://policybase.cma.ca/en/permalink/policy9505

Policy Type: Policy resolution
Last Reviewed: 2016-May-20
Date: 2009-Aug-19
Topics: Health systems, system funding and performance
Health information and e-health

Resolution: The Canadian Medical Association and provincial/territorial medical associations call on governments to ensure completion of an evaluation of the impact of health information technology that considers the level of functionality and assesses its effect on patient and provider experience of care, population health and per capita costs.

Electronic health records

https://policybase.cma.ca/en/permalink/policy9543

Policy Type: Policy resolution
Last Reviewed: 2016-May-20
Date: 2009-Aug-19
Topics: Ethics and medical professionalism
Health information and e-health
Health care and patient safety
Resolution: The Canadian Medical Association will work with provincial/territorial medical associations to demand that governments recognize that the flow of information from the patient record to the electronic health records is the professional responsibility of physicians.

Sharing patient health information

https://policybase.cma.ca/en/permalink/policy9576

Policy Type: Policy resolution
Last Reviewed: 2016-May-20
Date: 2009-Aug-19
Topics: Ethics and medical professionalism
Health care and patient safety
Resolution: The Canadian Medical Association urges the Canada Revenue Agency to collaborate with Service Canada and Human Resources and Skills Development Canada to reduce redundant requests by sharing relevant patient health information, while at the same time respecting the privacy and confidentiality of patient records.
