                   Population health/ health equity/ public health
Resolution: GC06-15

The Canadian Medical Association endorses all of the recommendations pertaining to children's mental health in the Senate report, Out of the Shadows at Last - Transforming Mental Health, Mental Illness and Addiction Services in Canada.
The Canadian Medical Association and its divisions and affiliates call on the Federal/Provincial/Territorial Conference of Health Ministers to ensure that all Canadians have timely access to the comprehensive spectrum of medically necessary care by developing, through an open and consultative process, a policy framework that includes: a) a national human resources plan; b) national wait time benchmarks; c) a patient wait time guarantee supported by a publicly funded safety valve; and d) a regulatory regime to best support the public-private interface.

The Canadian Medical Association, in conjunction with provincial and territorial divisions, will build on the work of the Wait Time Alliance by establishing pan-Canadian medically determined wait time benchmarks for all major diagnostic, therapeutic, surgical and emergency services by December 31, 2007.
Funding and delivery of long-term care in Canada

Resolution: GC06-22

The Canadian Medical Association calls on the federal government to implement a Canada-wide Child & Youth Growth Index to measure, monitor and evaluate the current obesity epidemic in young Canadians.
Breast-feeding of infants in Canada

The Canadian Medical Association recommends that governments develop and implement a comprehensive plan to promote and support breast-feeding of infants in Canada.

Wait time monitoring

The Canadian Medical Association considers that wait time monitoring should be extended to all diagnoses treatments involving youth with developmental or mental health problems.

Coercive legislation

The Canadian Medical Association and its divisions staunchly oppose any form of coercive legislation in regard to the negotiation of working conditions and compensation of physicians.
