Policy Type: Policy resolution  
Last Reviewed: 2019-Mar-03  
Date: 2012-Aug-15  
Topics: Health systems, system funding and performance  
Resolution: GC12-102

The Canadian Medical Association will develop a strategy to improve the transition of pediatric patients with complex and chronic illness into adult care.

**Chronic pain**

https://policybase.cma.ca/en/permalink/policy9890

Policy Type: Policy resolution  
Last Reviewed: 2017-Mar-04  
Date: 2010-Aug-25  
Topics: Population health/ health equity/ public health  
Resolution: GC10-67

The Canadian Medical Association, in collaboration with provincial/territorial medical associations, affiliates and associate organizations, calls on governments to add chronic pain to the list of recognized chronic diseases.
Addiction
https://policybase.cma.ca/en/permalink/policy9527
Policy Type: Policy resolution
Last Reviewed: 2016-May-20
Date: 2009-Aug-19
Topics: Health care and patient safety
Population health/ health equity/ public health
Resolution: GC09-92
The Canadian Medical Association recognizes addiction as a chronic, treatable disease and urges that it be included in national and provincial/territorial efforts to improve chronic disease management.

Mental illnesses
Policy Type: Policy resolution
Last Reviewed: 2016-May-20
Date: 2009-Aug-19
Topics: Physician practice/ compensation/ forms
Health systems, system funding and performance
Resolution: GC09-83
The Canadian Medical Association will work with relevant national specialty societies and provincial/territorial medical associations to develop guidelines to help provincial and territorial governments include mental illnesses under the definition of chronic diseases in fee codes and funding programs.
HIV Testing
https://policybase.cma.ca/en/permalink/policy9177

Policy Type: Policy resolution
Last Reviewed: 2015-Feb-28
Date: 2008-Feb-23
Topics: Population health/ health equity/ public health
Health care and patient safety
Resolution: BD08-04-115

The Canadian Medical Association endorses the Centers for Disease Control and Prevention Revised Recommendations for HIV Testing with the understanding that routine testing is conducted within the context of the doctor/patient relationship and that clinically appropriate pre- and post-test counselling is conducted.

Patients with chronic diseases
https://policybase.cma.ca/en/permalink/policy8869

Policy Type: Policy resolution
Last Reviewed: 2014-Mar-01
Date: 2007-Aug-22
Topics: Population health/ health equity/ public health
Health systems, system funding and performance
Resolution: GC07-57

The Canadian Medical Association calls on governments to implement organizational and financial incentives for better management of patients with chronic diseases.
Revised Recommendations for HIV Testing

https://policybase.cma.ca/en/permalink/policy8923

Essential drugs for the exclusive use of developing countries

https://policybase.cma.ca/en/permalink/policy415

Policy Type: Policy resolution
Last Reviewed: 2014-Mar-01
Date: 2000-Aug-16
Topics: Pharmaceuticals/ prescribing/ cannabis/ marijuana/ drugs
Population health/ health equity/ public health
Resolution: GC00-221

The CMA calls on governments and pharmaceutical manufacturers in Canada to ensure a supply of essential drugs for the exclusive use of developing countries, and to offset the numerous barriers hindering access to these drugs.

Needle exchange programs

https://policybase.cma.ca/en/permalink/policy736

Policy Type: Policy resolution
Last Reviewed: 2016-May-20
Date: 1990-Oct-27
Topics: Population health/ health equity/ public health
Resolution: BD91-02-34

That the Canadian Medical Association strongly endorse the concept of government funding for needle exchange programs as a public health initiative to help prevent the spread of AIDS and other diseases spread by intravenous drug use.
Tropical or exotic diseases

https://policybase.cma.ca/en/permalink/policy792

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 1976-Jun-25
Topics: Population health/ health equity/ public health
Resolution: GC76-37

Be it resolved that the Canadian Medical Association encourage increased surveillance by physicians and health officials, in view of the increased incidence of tropical or "exotic" diseases in Canada as a result of international travel.
