Health human resource planning
https://policybase.cma.ca/en/permalink/policy10887
Policy Type: Policy resolution
Date: 2013-Aug-21
Topics: Health human resources
Resolution: The Canadian Medical Association will develop a policy statement on the impact emerging technologies and models of care are having on health human resource planning.

Online continuing medical education courses for physicians
https://policybase.cma.ca/en/permalink/policy9271
Policy Type: Policy resolution
Last Reviewed: 2015-Feb-28
Date: 2008-Aug-20
Topics: Ethics and medical professionalism
Health human resources
Health systems, system funding and performance
Resolution: The Canadian Medical Association, in conjunction with specialty societies and others, will facilitate and distribute online continuing medical education courses for physicians, with a focus on those specialties and content areas not currently served by existing resources.
Canada Health Infoway
https://policybase.cma.ca/en/permalink/policy8924

Policy Type:      Policy resolution
Last Reviewed:   2014-Mar-01
Date:            2007-Aug-22
Topics:          Health systems, system funding and performance
                 Health human resources
                 Health information and e-health
Resolution:      The Canadian Medical Association and its provincial/territorial medical
                 associations and affiliates call on Canada Health Infoway to support
                 physicians in developing electronic medical records and linkages to
                 electronic health records by making funding directly available to
                 physicians.

Compensation for remote consultation
https://policybase.cma.ca/en/permalink/policy1505

Policy Type:      Policy resolution
Last Reviewed:   2017-Mar-04
Date:            2004-Aug-18
Topics:          Health human resources
                 Health information and e-health
                 Physician practice/ compensation/ forms
Resolution:      The Canadian Medical Association recommends that provincial and
                 territorial authorities recognize that any type of remote consultation
                 such as telemedicine and teleconsultation is a medical act to be duly
                 compensated.
