Resolution: The Canadian Medical Association recommends the development of a sound national health care database, accessible to health care professionals' associations and legitimate researchers.

## Tools for tracking patient care costs

<https://policybase.cma.ca/en/permalink/policy709>

Policy Type: Policy resolution  
Last Reviewed: 2011-Mar-05  
Date: 1984-Aug-21  
Topics: Health information and e-health  
Resolution: That the Canadian Medical Association actively encourage the development of appropriate information systems and instruments to relate specific patient-care and components of care to their costs; and that the active involvement of physicians is essential to ensure that quality of patient care remains a central concern in the development of these management tools.
