Health human resources

Health information and e-health

Resolution: GC07-110

The Canadian Medical Association and its provincial/territorial medical associations and affiliates call on Canada Health Infoway to support physicians in developing electronic medical records and linkages to electronic health records by making funding directly available to physicians.

Tools for tracking patient care costs

Topics: Health information and e-health

Resolution: GC84-54

That the Canadian Medical Association actively encourage the development of appropriate information systems and instruments to relate specific patient-care and components of care to their costs; and that the active involvement of physicians is essential to ensure that quality of patient care remains a central concern in the development of these management tools.
