Tools for tracking patient care costs

<https://policybase.cma.ca/en/permalink/policy709>

Policy Type: Policy resolution

Last Reviewed: 2011-03-05

Date: 1984-08-21

Topics: Health information and e-health

Resolution: GC84-54

That the Canadian Medical Association actively encourage the development of appropriate information systems and instruments to relate specific patient-care and components of care to their costs; and that the active involvement of physicians is essential to ensure that quality of patient care remains a central concern in the development of these management tools.
