## Secure modes of electronic communication between patients and health care providers

<https://policybase.cma.ca/en/permalink/policy11230>

Policy Type: Policy resolution  
 Date: 2014-Aug-20  
 Topics: Health information and e-health  
 Ethics and medical professionalism  
 Resolution: GC14-41

The Canadian Medical Association supports the creation and use of secure modes of electronic communication between patients and health care providers.
