Topics:	Health care and patient safety
Resolution:	GC83-30

Be it resolved that the Canadian Medical Association recommend that breast-feeding mothers consult their physician two weeks post partum especially if they are breast-feeding for the first time; and be it further resolved that the CMA support: a) the provision of a physical environment in maternity units favourable to the initiation and continuation of successful breast-feeding; and b) the adoption of measures to facilitate the continuation of breast-feeding for women working outside the home.
