## Random breath tests

<https://policybase.cma.ca/en/permalink/policy9976>

Policy Type: Policy resolution

Last Reviewed: 2017-Mar-04

Date: 2010-Jun-01

Topics: Ethics and medical professionalism

Health care and patient safety

Resolution: BD10-05-194

The Canadian Medical Association (CMA) supports the use of random breath tests in existing police spot check programs as part of a comprehensive plan to reduce drunk-driving related mortality and morbidity in Canada. Any such programs should be consistent with the protections established in the Canadian Charter of Rights and Freedoms.

## Health risks associated with tanning facilities

<https://policybase.cma.ca/en/permalink/policy9880>

Policy Type: Policy resolution  
Last Reviewed: 2017-Mar-04  
Date: 2010-Aug-25  
Topics: Health care and patient safety  
Resolution: GC10-82

The Canadian Medical Association, in collaboration with provincial/territorial medical associations, will call on governments to strengthen labelling requirements on tanning equipment and require signage in tanning facilities that outlines the carcinogenic potential and overall health risks associated with tanning facilities.

## Regulating the artificial tanning industry

<https://policybase.cma.ca/en/permalink/policy9881>

Policy Type: Policy resolution  
Last Reviewed: 2017-Mar-04  
Date: 2010-Aug-25  
Topics: Health care and patient safety  
Resolution: GC10-83

The Canadian Medical Association, in collaboration with provincial/territorial medical associations, affiliate and associate organizations and other stakeholders, will call on all levels of government to regulate the artificial tanning industry, with a focus on banning access to children and youth under 18 years of age.

## Comprehensive pregnancy care

Topics: Population health/ health equity/ public health  
Health care and patient safety  
Resolution: GC10-84

The Canadian Medical Association will work with provincial/territorial medical associations, affiliate and associate organizations, and other stakeholders to further develop educational materials for primary care providers and women on the importance of pre-pregnancy and early-pregnancy health, and early access to comprehensive pregnancy care.

## Installation of automatic external defibrillators in public facilities

<https://policybase.cma.ca/en/permalink/policy9884>

Policy Type: Policy resolution  
Last Reviewed: 2017-Mar-04  
Date: 2010-Aug-25  
Topics: Health care and patient safety  
Resolution: GC10-87

The Canadian Medical Association, in collaboration with provincial/territorial medical associations, supports where feasible and cost-effective the installation of automatic external defibrillators in public facilities and high traffic areas such as sports arenas.

## Prenatal screening tests

<https://policybase.cma.ca/en/permalink/policy9885>

Policy Type: Policy resolution  
Last Reviewed: 2017-Mar-04  
Date: 2010-Aug-25  
Topics: Health care and patient safety  
Health systems, system funding and performance  
Resolution: GC10-86  
The Canadian Medical Association, in collaboration with provincial/territorial medical associations and other stakeholders, calls on governments to offer, promote and fund prenatal screening tests for the most common chromosomal abnormalities.

## Pre-mixed alcoholic energy drinks

<https://policybase.cma.ca/en/permalink/policy9901>

Policy Type: Policy resolution  
Last Reviewed: 2017-Mar-04  
Date: 2010-Aug-25  
Topics: Health care and patient safety  
Resolution: GC10-78  
The Canadian Medical Association, in collaboration with provincial/territorial medical associations, urges governments to ensure that liquor boards and other relevant bodies comply with existing Health Canada regulations for the sale of pre-mixed alcoholic energy drinks.
