Health care and patient safety

Resolution: GC10-79

The Canadian Medical Association, in collaboration with provincial/territorial medical associations, will work with Health Canada and the Public Health Agency of Canada to investigate the agriculture-related release of antibiotic resistant organisms and residual antibiotics into earth and water ecosystems, as well as the role they play in the emergence of antibiotic resistant organisms in humans.

Antibiotics in animals

<https://policybase.cma.ca/en/permalink/policy9904>

Policy Type: Policy resolution

Last Reviewed: 2017-Mar-04

Date: 2010-Aug-25

Topics: Ethics and medical professionalism
Health care and patient safety

Resolution: GC10-81

The Canadian Medical Association calls on the federal government to investigate animal husbandry techniques that decrease the need for antibiotics in animals and to support techniques proven to be effective.

Best practices to assist patients aged 16 to 24 transitioning from pediatric to adult health services

<https://policybase.cma.ca/en/permalink/policy11628>

Policy Type: Policy resolution
Date: 2015-Aug-26
Topics: Health care and patient safety
Population health/ health equity/ public health
Resolution: GC15-57

The Canadian Medical Association supports the development of best practices to assist patients aged 16 to 24 transitioning from pediatric to adult health services.

Comprehensive pregnancy care

<https://policybase.cma.ca/en/permalink/policy9882>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 2010-Aug-25
Topics: Population health/ health equity/ public health
Health care and patient safety
Resolution: GC10-84

The Canadian Medical Association will work with provincial/territorial medical associations, affiliate and associate organizations, and other stakeholders to further develop educational materials for primary care providers and women on the importance of pre-pregnancy and early-pregnancy health, and early access to comprehensive pregnancy care.

Cradle-to-grave health records for patients living in Canada

<https://policybase.cma.ca/en/permalink/policy11653>

Policy Type: Policy resolution
Date: 2015-Aug-26
Topics: Health care and patient safety
Health information and e-health
Population health/ health equity/ public health
Resolution: GC15-73
The Canadian Medical Association supports the organization, centralization and management of cradle-to-grave health records for patients living in Canada.

Declaration of immunization status

<https://policybase.cma.ca/en/permalink/policy11660>

Policy Type: Policy resolution
Date: 2015-Aug-26
Topics: Population health/ health equity/ public health
Health care and patient safety
Resolution: GC15-81
The Canadian Medical Association recommends that governments authorize elementary and secondary schools to require a declaration of immunization status, to be followed by a conversation between public health officials and parents where children are shown to be inadequately immunized.

Effects of online gambling

<https://policybase.cma.ca/en/permalink/policy11668>

Policy Type: Policy resolution
Date: 2015-Aug-26
Topics: Health care and patient safety
Population health/ health equity/ public health
Resolution: GC15-89

The Canadian Medical Association will consult with Health Canada to discuss the effects of online gambling.

Health benefits of a strong, predictable price on carbon emissions

<https://policybase.cma.ca/en/permalink/policy11654>

Policy Type: Policy resolution
Date: 2015-Aug-26
Topics: Health care and patient safety
Resolution: GC15-74

The Canadian Medical Association will promote the health benefits of a strong, predictable price on carbon emissions.

Health risks associated with tanning facilities

<https://policybase.cma.ca/en/permalink/policy9880>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 2010-Aug-25
Topics: Health care and patient safety
Resolution: GC10-82

The Canadian Medical Association, in collaboration with provincial/territorial medical associations, will call on governments to strengthen labelling requirements on tanning equipment and require signage in tanning facilities that outlines the carcinogenic potential and overall health risks associated with tanning facilities.

Information related to travel insurance

<https://policybase.cma.ca/en/permalink/policy11671>

Policy Type: Policy resolution

Date: 2015-Aug-26

Topics: Health care and patient safety

Resolution: GC15-92

The Canadian Medical Association will work with the insurance industry to develop guidelines for physicians who provide patients with information related to travel insurance.
