Topics: Health systems, system funding and performance

Resolution: GC01-52

That Canadian Medical Association recommend to the federal, provincial and territorial governments that they should immediately review the creation of tax-related programs that will help patients offset the ever-increasing out-of-pocket cost of health care services, which should include: 1. an increase in the currently allowable medical tax credit, and 2. a health savings plan similar to the RRSP program for application to anticipated future expenses such as long-term care, home care and pharmacological expenses.
