Health risks associated with tanning facilities

<https://policybase.cma.ca/en/permalink/policy9880>

Policy Type: Policy resolution
 Last Reviewed: 2017-Mar-04
 Date: 2010-Aug-25
 Topics: Health care and patient safety
 Resolution: The Canadian Medical Association, in collaboration with provincial/territorial medical associations, will call on governments to strengthen labelling requirements on tanning equipment and require signage in tanning facilities that outlines the carcinogenic potential and overall health risks associated with tanning facilities.

Regulating the artificial tanning industry

<https://policybase.cma.ca/en/permalink/policy9881>

Policy Type:	Policy resolution
Last Reviewed:	2017-Mar-04
Date:	2010-Aug-25
Topics:	Health care and patient safety
Resolution:	The Canadian Medical Association, in collaboration with provincial/territorial medical associations, affiliate and associate organizations and other stakeholders, will call on all levels of government to regulate the artificial tanning industry, with a focus on banning access to children and youth under 18 years of age.

Comprehensive pregnancy care

<https://policybase.cma.ca/en/permalink/policy9882>

Policy Type:	Policy resolution
Last Reviewed:	2017-Mar-04
Date:	2010-Aug-25
Topics:	Population health/ health equity/ public health Health care and patient safety
Resolution:	The Canadian Medical Association will work with provincial/territorial medical associations, affiliate and associate organizations, and other stakeholders to further develop educational materials for primary care providers and women on the importance of pre-pregnancy and early-pregnancy health, and early access to comprehensive pregnancy care.

Installation of automatic external defibrillators in public facilities

<https://policybase.cma.ca/en/permalink/policy9884>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 2010-Aug-25
Topics: Health care and patient safety
Resolution: The Canadian Medical Association, in collaboration with provincial/territorial medical associations, supports where feasible and cost-effective the installation of automatic external defibrillators in public facilities and high traffic areas such as sports arenas.

Prenatal screening tests

<https://policybase.cma.ca/en/permalink/policy9885>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 2010-Aug-25
Topics: Health care and patient safety
Health systems, system funding and performance
Resolution: The Canadian Medical Association, in collaboration with provincial/territorial medical associations and other stakeholders, calls on governments to offer, promote and fund prenatal screening tests for the most common chromosomal abnormalities.

Pre-mixed alcoholic energy drinks

<https://policybase.cma.ca/en/permalink/policy9901>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 2010-Aug-25
Topics: Health care and patient safety
Resolution: The Canadian Medical Association, in collaboration with provincial/territorial medical associations, urges governments to ensure that liquor boards and other relevant bodies comply with existing Health Canada regulations for the sale of pre-mixed alcoholic energy drinks.

Antibiotic resistant organisms in humans

<https://policybase.cma.ca/en/permalink/policy9902>

Policy Type: Policy resolution

Last Reviewed: 2017-Mar-04

Date: 2010-Aug-25

Topics: Population health/ health equity/ public health
Ethics and medical professionalism
Health care and patient safety

Resolution: The Canadian Medical Association, in collaboration with provincial/territorial medical associations, will work with Health Canada and the Public Health Agency of Canada to investigate the agriculture-related release of antibiotic resistant organisms and residual antibiotics into earth and water ecosystems, as well as the role they play in the emergence of antibiotic resistant organisms in humans.

Antibiotics in animals

<https://policybase.cma.ca/en/permalink/policy9904>

Policy Type: Policy resolution

Last Reviewed: 2017-Mar-04

Date: 2010-Aug-25

Topics: Ethics and medical professionalism
Health care and patient safety

Resolution: The Canadian Medical Association calls on the federal government to investigate animal husbandry techniques that decrease the need for antibiotics in animals and to support techniques proven to be effective.

Mixed Martial Arts

<https://policybase.cma.ca/en/permalink/policy9906>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 2010-Aug-25
Topics: Ethics and medical professionalism
Health care and patient safety
Resolution: The Canadian Medical Association advocates for a ban on Mixed Martial Arts prize fighting matches in Canada.

Medical records

<https://policybase.cma.ca/en/permalink/policy9923>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 2010-Aug-25
Topics: Ethics and medical professionalism
Health care and patient safety
Health information and e-health
Resolution: The Canadian Medical Association will work with provincial/territorial medical associations and other stakeholders including patients to develop a national strategy for the long-term retention, retrieval and disposal of medical records.

Random breath tests

<https://policybase.cma.ca/en/permalink/policy9976>

Policy Type: Policy resolution

Last Reviewed: 2017-Mar-04

Date: 2010-Jun-01

Topics: Ethics and medical professionalism
Health care and patient safety

Resolution: The Canadian Medical Association (CMA) supports the use of random breath tests in existing police spot check programs as part of a comprehensive plan to reduce drunk-driving related mortality and morbidity in Canada. Any such programs should be consistent with the protections established in the Canadian Charter of Rights and Freedoms.

Child restraint systems

<https://policybase.cma.ca/en/permalink/policy734>

Policy Type:	Policy resolution
Last Reviewed:	2016-May-20
Date:	1991-Aug-15
Topics:	Health care and patient safety
Resolution:	That the Canadian Medical Association actively promote to all levels of government concerns regarding child safety, particularly in relation to the requirement for child restraint safety systems in all types of motor vehicles in which children routinely travel.

Smoking and radon

<https://policybase.cma.ca/en/permalink/policy735>

Policy Type:	Policy resolution
Last Reviewed:	2016-May-20
Date:	1991-Aug-15
Topics:	Health care and patient safety
Resolution:	The Canadian Medical Association recognizes that radon levels greater than 150 Bq/m ³ are hazardous and recommends that Health Canada advise Canadians concerning this risk, make recommendations for measuring and reducing radon levels where appropriate, and remind Canadians that smoking increases a person's risk of lung cancer due to radon exposure.
