License of the Medical Council of Canada (LMCC)

<https://policybase.cma.ca/en/permalink/policy516>

Policy Type:	Policy resolution
Last Reviewed:	2017-Mar-04
Date:	1992-Aug-19
Topics:	Physician practice/ compensation/ forms
Resolution:	That the Canadian Medical Association, while recognizing that the provincial/territorial licensing authorities have the ultimate authority regarding licensure requirements in their respective jurisdictions, wishes to reaffirm the principle that any rights and privileges that will be accorded to holders of the revised License of the Medical Council of Canada (LMCC) should be conferred on all physicians who completed their LMCC prior to the new requirements, including portability of eligibility for licensure.

Goods and Services Tax (GST)

<https://policybase.cma.ca/en/permalink/policy619>

Policy Type:	Policy resolution
Last Reviewed:	2016-May-20
Date:	1992-Aug-19
Topics:	Physician practice/ compensation/ forms
Resolution:	That the Canadian Medical Association, on behalf of its members and divisions and on the basis of its recent review of evidence on the impact of the Goods and Services Tax on Canadian physicians, continue its efforts to negotiate a tax rebate or such other arrangements so as to afford physicians the same fair treatment as is received by municipalities, universities, schools and hospitals.

Canada Health Act

<https://policybase.cma.ca/en/permalink/policy621>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 1992-Aug-19

<https://policybase.cma.ca/en/permalink/policy622>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 1992-Aug-19
Topics: Health systems, system funding and performance
Resolution: That the Canadian Medical Association continue to document decentralization of health planning/management initiatives and to provide the information necessary for members and divisions to have effective input into the development of decentralization policies and system management processes

Breastfeeding and HIV

<https://policybase.cma.ca/en/permalink/policy737>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 1992-Aug-19
Topics: Population health/ health equity/ public health
Health care and patient safety
Resolution: Where safe alternatives exist, breast feeding should be avoided by mothers at high risk for HIV [human immunodeficiency virus] infection and by those known to be infected.

Bicycle helmets

<https://policybase.cma.ca/en/permalink/policy738>

Policy Type:	Policy resolution
Last Reviewed:	2017-Mar-04
Date:	1992-Aug-19
Topics:	Population health/ health equity/ public health
Resolution:	a) That the Canadian Medical Association require the use of bicycle helmets at all activities that it sponsors or supports involving the use of bicycles, b) That the Canadian Medical Association recommend to its divisions that they require the use of bicycle helmets at all activities that they sponsor or support involving the use of bicycles.

Diets of less than 900 Kcal

<https://policybase.cma.ca/en/permalink/policy740>

Policy Type:	Policy resolution
Last Reviewed:	2017-Mar-04
Date:	1992-Aug-19
Topics:	Population health/ health equity/ public health
Resolution:	That the Canadian Medical Association recommend that, since diets of less than 900 Kcal are rarely indicated, a) physicians prescribing such diets ensure that they are aware of their indications, contraindications, appropriate management protocols and risks, and b) physicians advise patients of potential complications and that an informed consent form be signed by prospective patients before prescribing such a diet.
