Secure modes of electronic communication between patients and health care providers

<https://policybase.cma.ca/en/permalink/policy11230>

Policy Type: Policy resolution

Date: 2014-Aug-20

Topics: Health information and e-health
Ethics and medical professionalism

Resolution: GC14-41

The Canadian Medical Association supports the creation and use of secure modes of electronic communication between patients and health care providers.

Big data and its negative impact on professionalism and the confidentiality of medical data

<https://policybase.cma.ca/en/permalink/policy11263>

Policy Type: Policy resolution

Date: 2014-Aug-20

Topics: Ethics and medical professionalism
Health information and e-health

Resolution: GC14-67

The Canadian Medical Association will propose guidelines to ensure optimal use of big data while limiting its negative impact on professionalism and the confidentiality of medical data.

Insurance industry medical information requirements

<https://policybase.cma.ca/en/permalink/policy11275>

Policy Type: Policy resolution

Date: 2014-Aug-20

Topics: Health information and e-health

Health care and patient safety

Resolution: GC14-79

The Canadian Medical Association will work with the Canadian Life and Health Insurance Association to review insurance industry medical information requirements and ensure that the disclosure of personal health information is restricted to that which is reasonably necessary.
