Health consequences of public policies

<https://policybase.cma.ca/en/permalink/policy373>

Policy Type: Policy resolution
Last Reviewed: 2013-Mar-02
Date: 1999-Aug-25
Topics: Population health/ health equity/ public health
Resolution: That the Canadian Medical Association continue to work in collaboration with other health professions and governments to explore means to ensure that public policies are developed with due attention paid to the potential health consequences of those policies.

Promotion of healthy childhood

<https://policybase.cma.ca/en/permalink/policy374>

Policy Type: Policy resolution
Last Reviewed: 2013-Mar-02
Date: 1999-Aug-25
Topics: Population health/ health equity/ public health
Resolution: That the Canadian Medical Association promote both medical and social interventions to ensure an optimal start to life and a physically, mentally and socially healthy childhood.

Access by the elderly to medical and supportive health care

<https://policybase.cma.ca/en/permalink/policy377>

Policy Type: Policy resolution
Last Reviewed: 2013-Mar-02
Date: 1999-Aug-25
Topics: Population health/ health equity/ public health
Resolution: That the Canadian Medical Association adopt as policy the following principle: Access in old age. Older citizens in all parts of Canada should have timely access to medical and supportive health care services that are clinically appropriate. This includes: a) rapid access to primary medical care, b) access to a full range of medical, surgical, diagnostic, treatment and rehabilitative services, and c) access to specialized programs designed to address the physical and mental problems of old age. Access to clinically appropriate services should not be denied on the basis of age or disability.

Safety of genetically modified organisms

<https://policybase.cma.ca/en/permalink/policy378>

Policy Type: Policy resolution
Last Reviewed: 2013-Mar-02
Date: 1999-Aug-25
Topics: Health care and patient safety
Resolution: That the Canadian Medical Association ask Health Canada to ensure it obtains sound evidence of the safety of genetically modified organisms before they are authorized by Agriculture and Agri-Food Canada.
