Resolution: The Canadian Medical Association will develop a policy framework and design principles for access to publicly funded medically necessary services in the home and community setting that can become the basis for urging governments to develop a Canada Extended Health Services Act.

Continuum of care

<https://policybase.cma.ca/en/permalink/policy8844>

Policy Type:	Policy resolution
Last Reviewed:	2014-Mar-01
Date:	2007-Aug-22
Topics:	Population health/ health equity/ public health Health systems, system funding and performance Health care and patient safety
Resolution:	The Canadian Medical Association believes that the issue of the continuum of care must go beyond the question of financing and tackle questions related to the organisation of medicine and to the shared and joint responsibilities of individuals, communities and governments in matters of health care and promotion, prevention and rehabilitation.

Informal caregivers

<https://policybase.cma.ca/en/permalink/policy8846>

Policy Type:	Policy resolution
Last Reviewed:	2014-Mar-01
Date:	2007-Aug-22
Topics:	Population health/ health equity/ public health Health systems, system funding and performance Health care and patient safety
Resolution:	The Canadian Medical Association and its provincial/territorial medical associations and affiliates recommend that governments undertake pilot studies to support informal caregivers and long-term care patients, including those that: a. explore tax credits and/or direct compensation to compensate informal caregivers for their work; b. expand relief programs for informal caregivers that provide guaranteed access to respite services in emergency situations; c. expand income and asset testing for residents requiring assisted living and long-term care; and d. promote information on advanced directives and representation agreements for patients.
