Policy Type: Policy resolution

Last Reviewed: 2014-Mar-01

Date: 2000-Aug-16

Topics: Health systems, system funding and performance
Ethics and medical professionalism

Resolution: GC00-186

That the Canadian Medical Association work with its divisions and affiliates to determine and proclaim the values that should influence health care priority setting and allocation of health care resources in Canada.

Breast-feeding mothers

<https://policybase.cma.ca/en/permalink/policy1748>

Policy Type: Policy resolution

Last Reviewed: 2020-Feb-29

Date: 1983-Oct-01

Topics: Health care and patient safety

Resolution: GC83-30

Be it resolved that the Canadian Medical Association recommend that breast-feeding mothers consult their physician two weeks post partum especially if they are breast-feeding for the first time; and be it further resolved that the CMA support: a) the provision of a physical environment in maternity units favourable to the initiation and continuation of successful breast-feeding; and b) the adoption of measures to facilitate the continuation of breast-feeding for women working outside the home.

First aid
