Secure modes of electronic communication between patients and health care providers

<https://policybase.cma.ca/en/permalink/policy11230>

Policy Type: Policy resolution
Date: 2014-Aug-20
Topics: Health information and e-health
Ethics and medical professionalism
Resolution: GC14-41

The Canadian Medical Association supports the creation and use of secure modes of electronic communication between patients and health care providers.

Big data and its negative impact on professionalism and the confidentiality of medical data

<https://policybase.cma.ca/en/permalink/policy11263>

Policy Type: Policy resolution

Date: 2014-Aug-20

Topics: Ethics and medical professionalism

Health information and e-health

Resolution: GC14-67

The Canadian Medical Association will propose guidelines to ensure optimal use of big data while limiting its negative impact on professionalism and the confidentiality of medical data.

Insurance industry medical information requirements

<https://policybase.cma.ca/en/permalink/policy11275>

Policy Type: Policy resolution

Date: 2014-Aug-20

Topics: Health information and e-health

Health care and patient safety

Resolution: GC14-79

The Canadian Medical Association will work with the Canadian Life and Health Insurance Association to review insurance industry medical information requirements and ensure that the disclosure of personal health information is restricted to that which is reasonably necessary.

Canada Health Infoway

<https://policybase.cma.ca/en/permalink/policy8924>

Policy Type: Policy resolution

Last Reviewed: 2014-Mar-01

Date: 2007-Aug-22

Topics: Health systems, system funding and performance

Health human resources

Health information and e-health

Resolution: GC07-110

The Canadian Medical Association and its provincial/territorial medical associations and affiliates call on Canada Health Infoway to support physicians in developing electronic medical records and linkages to electronic health records by making funding directly available to physicians.

Principles for the development, use and evaluation of health care databases

<https://policybase.cma.ca/en/permalink/policy579>

Policy Type: Policy resolution

Last Reviewed: 2017-Mar-04

Date: 1997-Aug-20

Topics: Health information and e-health

Ethics and medical professionalism

Resolution: GC97-26

That physicians, through the Canadian Medical Association, its Divisions and affiliates, should be involved in delineating principles to guide the development, use and evaluation of databases that provide linkages between health care utilization, socioeconomic status and other determinants of health and health status.
