Topics: Physician practice/ compensation/ forms

Resolution: GC92-19

That the Canadian Medical Association, on behalf of its members and divisions and on the basis of its recent review of evidence on the impact of the Goods and Services Tax on Canadian physicians, continue its efforts to negotiate a tax rebate or such other arrangements so as to afford physicians the same fair treatment as is received by municipalities, universities, schools and hospitals.

License of the Medical Council of Canada (LMCC)

Policy Type:	Policy resolution
Last Reviewed:	2017-Mar-04
Date:	1992-Aug-19
Topics:	Physician practice/ compensation/ forms
Resolution:	GC92-09

That the Canadian Medical Association, while recognizing that the provincial/territorial licensing authorities have the ultimate authority regarding licensure requirements in their respective jurisdictions, wishes to reaffirm the principle that any rights and privileges that will be accorded to holders of the revised License of the Medical Council of Canada (LMCC) should be conferred on all physicians who completed their LMCC prior to the new requirements, including portability of eligibility for licensure.

Prelicensure clinical training programs

Policy Type:	Policy resolution
Last Reviewed:	2017-Mar-04
Date:	1987-Aug-25
Topics:	Health human resources
Resolution:	GC87-67

That provision should be made for enough flexibility within prelicensure clinical training programs to prepare physicians for a variety of practice situations in Canada (eg. rural, isolated, urban) without undue prolongation of the training period.

Specialty training for family medicine residents

<https://policybase.cma.ca/en/permalink/policy572>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 1987-Aug-25
Topics: Health human resources
Resolution: GC87-66

That appropriate training in speciality areas of medicine be provided to family medicine residents within the existing two years of the residency training program where possible.
