Access by the elderly to medical and supportive health care

<https://policybase.cma.ca/en/permalink/policy377>

Policy Type:	Policy resolution
Last Reviewed:	2013-Mar-02
Date:	1999-Aug-25
Topics:	Population health/ health equity/ public health
Resolution:	That the Canadian Medical Association adopt as policy the following principle: Access in old age. Older citizens in all parts of Canada should have timely access to medical and supportive health care services that are clinically appropriate. This includes: a) rapid access to primary medical care, b) access to a full range of medical, surgical, diagnostic, treatment and rehabilitative services, and c) access to specialized programs designed to address the physical and mental problems of old age. Access to clinically appropriate services should not be denied on the basis of age or disability.

Accessibility: the solution lies in cooperation
