Topics: Ethics and medical professionalism

Health care and patient safety

Resolution: BD10-05-194

The Canadian Medical Association (CMA) supports the use of random breath tests in existing police spot check programs as part of a comprehensive plan to reduce drunk-driving related mortality and morbidity in Canada. Any such programs should be consistent with the protections established in the Canadian Charter of Rights and Freedoms.

Antibiotic resistant organisms in humans

Health care and patient safety

Resolution: GC10-79

The Canadian Medical Association, in collaboration with provincial/territorial medical associations, will work with Health Canada and the Public Health Agency of Canada to investigate the agriculture-related release of antibiotic resistant organisms and residual antibiotics into earth and water ecosystems, as well as the role they play in the emergence of antibiotic resistant organisms in humans.

Antibiotics in animals
