Date: 2007-Aug-22

Topics: Ethics and medical professionalism

Health human resources

Health systems, system funding and performance

Physician practice/ compensation/ forms

Population health/ health equity/ public health

Resolution: The Canadian Medical Association will respond to the challenge for a clean environment (air, water, soil, climate change) by encouraging: a. physicians to become spokespersons for environmental stewardship, including the discussion of these issues when appropriate with patients; b. the medical community to work with health care facilities to adopt and implement policies aimed at reducing or recycling waste in a safe and properly prescribed manner; c. physicians to adopt "green" measures in their practice environments and personal lifestyles; d. medical schools, residency programs and continuing medical education sessions to enhance their provision of educational programs on health and the environment; and e. the development of evidence-based information on health and environment issues.

Principles for the development, use and evaluation of health care databases

<https://policybase.cma.ca/en/permalink/policy579>

Policy Type: Policy resolution

Last Reviewed: 2017-Mar-04

Date: 1997-Aug-20

Topics: Health information and e-health

Ethics and medical professionalism

Resolution: That physicians, through the Canadian Medical Association, its Divisions and affiliates, should be involved in delineating principles to guide the development, use and evaluation of databases that provide linkages between health care utilization, socioeconomic status and other determinants of health and health status.

Evidence and stakeholder involvement in the development of health policy

<https://policybase.cma.ca/en/permalink/policy580>

Policy Type:	Policy resolution
Last Reviewed:	2017-Mar-04
Date:	1997-Aug-20
Topics:	Ethics and medical professionalism
Resolution:	That evidence-based approaches and wide stakeholder involvement are essential in the development and implementation of public policies designed to improve the health of the population both collectively and individually.
