Resolution: GC07-74

The Canadian Medical Association will respond to the challenge for a clean environment (air, water, soil, climate change) by encouraging: a. physicians to become spokespersons for environmental stewardship, including the discussion of these issues when appropriate with patients; b. the medical community to work with health care facilities to adopt and implement policies aimed at reducing or recycling waste in a safe and properly prescribed manner; c. physicians to adopt "green" measures in their practice environments and personal lifestyles; d. medical schools, residency programs and continuing medical education sessions to enhance their provision of educational programs on health and the environment; and e. the development of evidence-based information on health and environment issues.
