Bill 114, An Act to Ensure the Continued Provision of Emergency Medical Services in Québec

<https://policybase.cma.ca/en/permalink/policy1611>

Policy Type: Policy resolution

Last Reviewed: 2016-05-20

Date: 2002-08-17

Topics: Ethics and medical professionalism

Resolution: BD02-07-176

That the Canadian Medical Association and its divisions would strongly oppose any government legislation that would undermine the provision of quality patient care and enforce restrictions on the freedom of choice for physicians and patients.

Notes for an address by Dr. Eugene Bereza, Chair, Committee on Ethics, Canadian Medical Association : Bill C-13 - An act respecting assisted human reproduction : Presentation to the House of Commons Standing Committee on Health

Principles for the development, use and evaluation of health care databases

<https://policybase.cma.ca/en/permalink/policy579>

Policy Type: Policy resolution
Last Reviewed: 2017-03-04
Date: 1997-08-20
Topics: Health information and e-health
Ethics and medical professionalism
Resolution: GC97-26

That physicians, through the Canadian Medical Association, its Divisions and affiliates, should be involved in delineating principles to guide the development, use and evaluation of databases that provide linkages between health care utilization, socioeconomic status and other determinants of health and health status.

Evidence and stakeholder involvement in the development of health policy

<https://policybase.cma.ca/en/permalink/policy580>

Policy Type: Policy resolution
Last Reviewed: 2017-03-04
Date: 1997-08-20
Topics: Ethics and medical professionalism
Resolution: GC97-27

That evidence-based approaches and wide stakeholder involvement are essential in the development and implementation of public policies designed to improve the health of the population both collectively and individually.

Evolving patient-physician relationship

Ethics and medical professionalism

Resolution: GC97-44

That the Canadian Medical Association study ways in which the role of patient accountability and responsibility can be incorporated into models of health care.

Definition of reproductive health

<https://policybase.cma.ca/en/permalink/policy588>

Policy Type: Policy resolution

Last Reviewed: 2017-03-04

Date: 1995-12-03

Topics: Ethics and medical professionalism

Resolution: BD96-04-98

That the Canadian Medical Association endorse the definition of reproductive health as specified in Section 96, page 36 of the United Nations' Fourth World Conference on Women, Beijing 1995, Platform for Action document. [The human rights of women include their right to have control over and decide freely and responsibly on matters related to their sexuality, including sexual and reproductive health, free of coercion, discrimination and violence. Equal relationships between women and men in matters of sexual relations and reproduction, including full respect for the integrity of the person, require mutual respect, consent and shared responsibility for sexual behaviour and its consequences.]
