Patient accountability and responsibility

<https://policybase.cma.ca/en/permalink/policy587>

Policy Type:	Policy resolution
Last Reviewed:	2017-Mar-04
Date:	1997-Aug-20
Topics:	Health systems, system funding and performance Ethics and medical professionalism
Resolution:	That the Canadian Medical Association study ways in which the role of patient accountability and responsibility can be incorporated into models of health care.

Patient care, trade unions and the Code of Ethics

<https://policybase.cma.ca/en/permalink/policy593>

Policy Type:	Policy resolution
Last Reviewed:	2017-Mar-04
Date:	1974-Dec-07
Topics:	Ethics and medical professionalism
Resolution:	That the ethical physician who, because of the characteristics of his/her work is a member of a trade union or Association with the independent right of strike action, will always place his/her obligation to patient care and support of the Code of Ethics above adherence to the rules of the trade union or association.

Principles for the development, use and evaluation of health care databases

<https://policybase.cma.ca/en/permalink/policy579>

Policy Type: Policy resolution

Last Reviewed: 2017-Mar-04

Date: 1997-Aug-20

Topics: Health information and e-health
Ethics and medical professionalism

Resolution: That physicians, through the Canadian Medical Association, its Divisions and affiliates, should be involved in delineating principles to guide the development, use and evaluation of databases that provide linkages between health care utilization, socioeconomic status and other determinants of health and health status.
