Addiction

<https://policybase.cma.ca/en/permalink/policy9527>

Policy Type: Policy resolution
 Last Reviewed: 2016-May-20
 Date: 2009-Aug-19
 Topics: Health care and patient safety
 Population health/ health equity/ public health
 Resolution: The Canadian Medical Association recognizes addiction as a chronic, treatable disease and urges that it be included in national and provincial/territorial efforts to improve chronic disease management.

Adverse events

<https://policybase.cma.ca/en/permalink/policy9574>

Policy Type:	Policy resolution
Last Reviewed:	2016-May-20
Date:	2009-Aug-19
Topics:	Ethics and medical professionalism Health care and patient safety
Resolution:	The Canadian Medical Association, while recognizing the importance of disclosing adverse events to affected patients in a timely manner, recommends that regional health authorities, institutions and professional associations develop policies to ensure the confidentiality of medical quality assurance deliberation, unless public notification is required to mitigate any possibility of ongoing harm.

Cardiopulmonary resuscitation

<https://policybase.cma.ca/en/permalink/policy722>

Policy Type:	Policy resolution
Last Reviewed:	2015-Feb-28
Date:	1990-Aug-23
Topics:	Health care and patient safety Physician practice/ compensation/ forms
Resolution:	The Canadian Medical Association recommends that all physicians ensure that they have the knowledge and skills necessary to provide basic cardiopulmonary resuscitation.

Electronic health records

<https://policybase.cma.ca/en/permalink/policy9543>

Policy Type:	Policy resolution
Last Reviewed:	2016-May-20
Date:	2009-Aug-19
Topics:	Ethics and medical professionalism Health information and e-health Health care and patient safety
Resolution:	The Canadian Medical Association will work with provincial/territorial medical associations to demand that governments recognize that the flow of information from the patient record to the electronic health records is the professional responsibility of physicians.

Fetal Alcohol Spectrum Disorder (Update 2009)

Front-line care providers in epidemics

<https://policybase.cma.ca/en/permalink/policy9571>

Policy Type:	Policy resolution
Last Reviewed:	2016-May-20
Date:	2009-Aug-19
Topics:	Health care and patient safety Physician practice/ compensation/ forms Ethics and medical professionalism
Resolution:	The Canadian Medical Association, provincial/territorial medical associations, affiliates and associates urge governments to ensure that front-line care providers in practice and training are provided with adequate information, resources (including ventilators, masks, gloves, medications and vaccines) and personal and family disability and life insurance if performing clinical duties in the context of an epidemic or other public health emergency.

Household antibacterial products

<https://policybase.cma.ca/en/permalink/policy9565>

Policy Type:	Policy resolution
Last Reviewed:	2013-Mar-02
Date:	2009-Aug-19
Topics:	Health care and patient safety
Resolution:	The Canadian Medical Association calls upon the federal government to ban the sale of household antibacterial products due to the risk of bacterial resistance and to recognize that soap and alcohol-based solutions are as effective in preventing household infection.

Involving patients in the health care system transformation process

<https://policybase.cma.ca/en/permalink/policy9549>

Policy Type: Policy resolution
Last Reviewed: 2016-May-20
Date: 2009-Aug-19
Topics: Health systems, system funding and performance
Health care and patient safety
Resolution: The Canadian Medical Association believes that it is essential to involve patients in the health care system transformation process and will adjust its communication strategies accordingly.

National strategy on antimicrobial resistance.

<https://policybase.cma.ca/en/permalink/policy418>

Policy Type: Policy resolution
Last Reviewed: 2015-Feb-28
Date: 2001-Aug-15
Topics: Health care and patient safety
Resolution: That Canadian Medical Association encourage Health Canada and Agriculture and AGri-Food Canada to work with other relevant government or nongovernment agencies to develop a comprehensive national strategy to combat antimicrobial resistance.
