

Collaborative development of patient-focused funding initiatives

<https://policybase.cma.ca/en/permalink/policy9844>

Policy Type: Policy resolution

Last Reviewed: 2017-Mar-04

Date: 2010-Aug-25

Topics: Ethics and medical professionalism
Health systems, system funding and performance

Resolution: The Canadian Medical Association will work with provincial/territorial medical associations to ensure meaningful consultations by governments with physicians who are accountable to the medical profession in the collaborative development of patient-focused funding initiatives.

Multidisciplinary care initiatives

<https://policybase.cma.ca/en/permalink/policy9863>

Policy Type: Policy resolution

Last Reviewed: 2017-Mar-04

Date: 2010-Aug-25

Topics: Health systems, system funding and performance
Ethics and medical professionalism
Health human resources

Resolution: The Canadian Medical Association supports the development of multidisciplinary care initiatives that incorporate long-term, sustainable funding and resources that remove financial barriers to incorporating diverse allied health professionals within medical practices.

Prenatal screening tests

<https://policybase.cma.ca/en/permalink/policy9885>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 2010-Aug-25
Topics: Health care and patient safety
Health systems, system funding and performance
Resolution: The Canadian Medical Association, in collaboration with provincial/territorial medical associations and other stakeholders, calls on governments to offer, promote and fund prenatal screening tests for the most common chromosomal abnormalities.

Application of evidence-based medicine

<https://policybase.cma.ca/en/permalink/policy9893>

Policy Type: Policy resolution
Last Reviewed: 2017-Mar-04
Date: 2010-Aug-25
Topics: Health human resources
Ethics and medical professionalism
Health systems, system funding and performance
Resolution: The Canadian Medical Association calls on the Association of Faculties of Medicine of Canada, faculties of medicine, College of Family Physicians of Canada and Royal College of Physicians and Surgeons of Canada to greatly expand efforts to familiarize medical students and residents with the application of evidence-based medicine, including systematic reviews, clinical practice guidelines, care pathways and related techniques to improve quality, safety and efficiency in medicine.

Academic writing and editing among practicing physicians and physicians-in-training
