Resolution: GC10-70

The Canadian Medical Association calls on the Association of Faculties of Medicine of Canada, faculties of medicine, College of Family Physicians of Canada and Royal College of Physicians and Surgeons of Canada to greatly expand efforts to familiarize medical students and residents with the application of evidence-based medicine, including systematic reviews, clinical practice guidelines, care pathways and related techniques to improve quality, safety and efficiency in medicine.

Data on physician human resources

Ethics and medical professionalism
Health human resources

Resolution: GC10-33

The Canadian Medical Association supports the development of multidisciplinary care initiatives that incorporate long-term, sustainable funding and resources that remove financial barriers to incorporating diverse allied health professionals within medical practices.

Rural and remote physicians and health research projects
