Topics: Population health/ health equity/ public health
Health systems, system funding and performance
Health care and patient safety

Resolution: GC07-14

The Canadian Medical Association believes that the issue of the continuum of care must go beyond the question of financing and tackle questions related to the organisation of medicine and to the shared and joint responsibilities of individuals, communities and governments in matters of health care and promotion, prevention and rehabilitation.

Donation of human cadavers

Health care and patient safety

Resolution: GC07-16

The Canadian Medical Association and its provincial/territorial medical associations and affiliates recommend that governments undertake pilot studies to support informal caregivers and long-term care patients, including those that: a. explore tax credits and/or direct compensation to compensate informal caregivers for their work; b. expand relief programs for informal caregivers that provide guaranteed access to respite services in emergency situations; c. expand income and asset testing for residents requiring assisted living and long-term care; and d. promote information on advanced directives and representation agreements for patients.

Long-term health care
