Date: 1985-Aug-25  
Topics: Health systems, system funding and performance  
Resolution: That Canadian Medical Association, in cooperation with the divisions, develop appropriate economic indicators which, from the physician's perspective, reflect unit price changes of each major component making up the total bundle of health care services. This would include a hospital services price index and a physician services price index, adapted for comparison with other indices such as the consumer price index.
