Health care and patient safety

Resolution: GC06-67

The Canadian Medical Association, in conjunction with its divisions and affiliates, without endorsing pharmacist independent prescribing strongly urges the Government of Alberta to require pharmacists who are given independent prescribing authority to: a) require explicit, informed consent from a patient; b) maintain a patient's record; c) provide 24-hour availability to the patient; d) carry appropriate coverage for legal liability; e) disclose any potential conflict of interest as both a prescriber and dispenser of medication; and, f) if the pharmacist changes a physician's prescription, advise the physician of the change(s).

Recommendations pertaining to children's mental health
