Resolution: GC06-69

The Canadian Medical Association and its divisions staunchly oppose any form of coercive legislation in regard to the negotiation of working conditions and compensation of physicians.

Family practice physicians

Topics: Physician practice/ compensation/ forms
Resolution: GC84-11

That the family practice physician be competent to provide primary, continuing and comprehensive care to all age groups. He should be competent to recognize and treat common illness -- including severe illness -- with episodic consultative help from other specialists. He should have hospital privileges and should participate in the active care of patients in hospitals. His core training should include training in obstetrics.
