Policy Type: Policy resolution  
Last Reviewed: 2020-Feb-29  
Date: 2000-Dec-09  
Topics: Population health/ health equity/ public health  
Resolution: BD01-07-79

The Canadian Medical Association supports the Maskwachees Declaration in principle and requests federal and provincial/territorial governments to act in accordance with its recommendations for the promotion of physical activity, physical education, sport and recreation among Aboriginal peoples.

## Sexual and reproductive health

<https://policybase.cma.ca/en/permalink/policy1585>

Policy Type: Policy resolution  
Last Reviewed: 2020-Feb-29  
Date: 2000-Dec-09  
Topics: Population health/ health equity/ public health  
Resolution: BD01-07-81

That the Canadian Medical Association encourage Health Canada to develop and implement a national strategy on sexual and reproductive health.

## Medical Council of Canada Qualifying Exam Part II

<https://policybase.cma.ca/en/permalink/policy1651>

Policy Type: Policy resolution  
Last Reviewed: 2020-Feb-29  
Date: 2000-Dec-09  
Topics: Population health/ health equity/ public health  
Resolution: BD01-07-85

That the Canadian Medical Association reaffirm its support for the need for the Medical Council of Canada Qualifying Exam Part II and continue to remain neutral as to its timing.

## Drug use in Sports (2001)

<https://policybase.cma.ca/en/permalink/policy9124>

Policy Type: Policy resolution  
Last Reviewed: 2016-May-20  
Date: 2000-Dec-09  
Replaces: PD86-10 - Drug use in sports (1986)  
Topics: Population health/ health equity/ public health  
Resolution: BD01-07-114C

The CMA condemns the use of anabolic steroids, growth hormones and other substances for the sole purpose of enhancing athletic performance. The Association considers the provision of such agents unacceptable medical practice. The use of drugs by athletes is legitimate only when it is clinically justified and supervised by a physician.

## Breathalyzer-linked ignition interlock devices

<https://policybase.cma.ca/en/permalink/policy408>

Policy Type: Policy resolution  
Last Reviewed: 2014-Mar-01  
Date: 2000-Aug-16  
Topics: Population health/ health equity/ public health  
Resolution: GC00-209

The CMA supports the use of breathalyzer-linked ignition interlock devices by provincial/territorial governments as a sentencing option for people convicted of driving under the influence of alcohol.

## Violence-prevention in health care settings

<https://policybase.cma.ca/en/permalink/policy410>

Policy Type: Policy resolution  
Last Reviewed: 2014-Mar-01  
Date: 2000-Aug-16  
Topics: Population health/ health equity/ public health  
Resolution: GC00-212

That the Canadian Medical Association encourage the provincial and territorial governments to develop violence-prevention, including training programs and train the trainer programs, suitable to a wide variety of healthcare settings.

## Access to health care services in rural aboriginal communities

<https://policybase.cma.ca/en/permalink/policy411>

Policy Type: Policy resolution  
Last Reviewed: 2014-Mar-01  
Date: 2000-Aug-16  
Topics: Population health/ health equity/ public health  
Resolution: GC00-213

That the Canadian Medical Association request that Health Canada work with provinces and territories to develop creative strategies, in consultation with the medical associations and the aboriginal health organizations, to improve access to quality primary health care services for rural and isolated aboriginal communities.

## Essential drugs for the exclusive use of developing countries

<https://policybase.cma.ca/en/permalink/policy415>

Policy Type: Policy resolution  
Last Reviewed: 2014-Mar-01  
Date: 2000-Aug-16  
Topics: Pharmaceuticals/ prescribing/ cannabis/ marijuana/ drugs  
Population health/ health equity/ public health  
Resolution: GC00-221  
The CMA calls on governments and pharmaceutical manufacturers in Canada to ensure a supply of essential drugs for the exclusive use of developing countries, and to offset the numerous barriers hindering access to these drugs.

## Programs to improve the health of aboriginals in urban and rural areas

<https://policybase.cma.ca/en/permalink/policy416>

Policy Type: Policy resolution  
Last Reviewed: 2014-Mar-01  
Date: 2000-Aug-16  
Topics: Population health/ health equity/ public health  
Resolution: GC00-222  
That Canadian Medical Association ask Health Canada, in consultation with the provinces, the territories and First Nation authorities, to develop programs to improve the health of aboriginal communities in urban and rural areas.
