Topics:	Population health/ health equity/ public health Health systems, system funding and performance Physician practice/ compensation/ forms
Resolution:	The Canadian Medical Association will work with the Mental Health Commission of Canada to recommend the basket of medically necessary services required by mentally ill patients be reimbursed by federal/provincial/territorial health plans to support treatment and recovery.

Mental health care

<https://policybase.cma.ca/en/permalink/policy9209>

Policy Type: Policy resolution

Last Reviewed: 2015-Feb-28

Date: 2008-Aug-20

Topics: Population health/ health equity/ public health
Health care and patient safety
Physician practice/ compensation/ forms
Health systems, system funding and performance

Resolution: The Canadian Medical Association urges Canadian physicians and their organizations to work together to transform patient care for people with mental illnesses through a strategy, including but not limited to: a) fighting the stigma that exists in our own profession and physician organizations; b) advocating for parity of allocation of resources toward the continuum of mental health care and research; c) promoting an evidence-based mental health system anchored on: - strong primary care networks, - community-based care, - team-based and multidisciplinary care in a public system, - adequate social policy supports such as housing and income, and - the involvement of primary care and specialist physicians in the planning processes.

Aboriginal peoples and mental illness

<https://policybase.cma.ca/en/permalink/policy9210>

Policy Type: Policy resolution

Last Reviewed: 2015-Feb-28

Date: 2008-Aug-20

Topics: Population health/ health equity/ public health
Health systems, system funding and performance
Physician practice/ compensation/ forms

Resolution: The Canadian Medical Association urges Canadian medical schools to include in their curricula material related to the deleterious effect of negative stereotyping of Aboriginal peoples suffering from mental illnesses and substance use disorders.
