Policy Type: Policy resolution
Last Reviewed: 2013-Mar-02
Date: 2006-Aug-23
Topics: Population health/ health equity/ public health
Health care and patient safety
Resolution: The Canadian Medical Association calls on governments to work closely with health stakeholders to provide seamless delivery of a comprehensive basket of mental and developmental health care services for children.

The health status of Aboriginal children

<https://policybase.cma.ca/en/permalink/policy8503>

Policy Type:	Policy resolution
Last Reviewed:	2013-Mar-02
Date:	2006-Aug-23
Topics:	Population health/ health equity/ public health Health care and patient safety
Resolution:	The Canadian Medical Association calls on the Minister of Health to work with other federal departments, the CMA and others to address the failure of previous federal efforts to raise the health status of Aboriginal children to the national level by developing a differentiated children's health strategy, creating safe environments, developing equitable educational opportunities and creating effective programs to deal with obesity, diabetes, substance abuse and other issues.

Movies that portray tobacco use

<https://policybase.cma.ca/en/permalink/policy8524>

Policy Type:	Policy resolution
Last Reviewed:	2013-Mar-02
