Policy Type: Policy resolution
Last Reviewed: 2016-05-20
Date: 2009-08-19
Topics: Population health/ health equity/ public health
Health care and patient safety
Resolution: GC09-93

The Canadian Medical Association will work with other national health care organizations to inform and educate Canadians about the adverse impact salt intake has on hypertension and cardiovascular disease and to lobby the food industry to reduce the salt content in processed food.

Testing homes for radon
