Policy Type: Policy resolution

Last Reviewed: 2013-Mar-02

Date: 2006-Aug-23

Topics: Health human resources
Physician practice/ compensation/ forms
Population health/ health equity/ public health

Resolution: The Canadian Medical Association, working with its divisions and affiliates, in cooperation with Aboriginal associations, calls for medical schools to develop courses to educate physicians on: a) the history and culture of Aboriginal peoples in Canada, b) communication skills to enhance their care of Aboriginal patients, and c) their response to health issues of particular concern to Aboriginal patients and their communities.

Aboriginal peoples and mental illness

<https://policybase.cma.ca/en/permalink/policy9210>

Policy Type: Policy resolution

Last Reviewed: 2015-Feb-28

Date: 2008-Aug-20

Topics: Population health/ health equity/ public health
Health systems, system funding and performance
Physician practice/ compensation/ forms

Resolution: The Canadian Medical Association urges Canadian medical schools to include in their curricula material related to the deleterious effect of negative stereotyping of Aboriginal peoples suffering from mental illnesses and substance use disorders.

Access by the elderly to medical and supportive health care

<https://policybase.cma.ca/en/permalink/policy377>

| Resolution: | That the Canadian Medical Association adopt as policy the following principle: Access in old age. Older citizens in all parts of Canada should have timely access to medical and supportive health care services that are clinically appropriate. This includes: a) rapid access to primary medical care, b) access to a full range of medical, surgical, diagnostic, treatment and rehabilitative services, and c) access to specialized programs designed to address the physical and mental problems of old age. Access to clinically appropriate services should not be denied on the basis of age or disability. |

Accessibility to health facilities
