Policy Type: Policy resolution  
Last Reviewed: 2015-Feb-28  
Date: 1990-Aug-23  
Topics: Health systems, system funding and performance  
Population health/ health equity/ public health  
Resolution: GC90-93

That the Canadian Medical Association encourage physicians to expand contacts with their local aboriginal communities, on both a community and professional level, in order to address aboriginal health care issues.

## Breastfeeding

<https://policybase.cma.ca/en/permalink/policy797>

Policy Type: Policy resolution  
Last Reviewed: 2017-Mar-04  
Date: 1981-Aug-28  
Topics: Population health/ health equity/ public health  
Resolution: GC81-39

That the Canadian Medical Association strongly support the value of breast feeding, and that suggestions be made to the manufacturers of infant formulas that their advertising should reflect the supplemental nature of their product rather than a replacement for mother's milk.

## Code of environmental health

<https://policybase.cma.ca/en/permalink/policy731>

Policy Type: Policy resolution  
Last Reviewed: 2015-Feb-28  
Date: 1990-May-26  
Topics: Population health/ health equity/ public health  
Resolution: BD90-05-177

That the Canadian Medical Association develop a code of environmental health that would serve as a benchmark to judge all Canadian Medical Association activities, both internal and external.

## Effects of economic activities on health and the environment

<https://policybase.cma.ca/en/permalink/policy726>

Policy Type: Policy resolution  
Last Reviewed: 2015-Feb-28  
Date: 1990-Aug-23  
Topics: Population health/ health equity/ public health  
Resolution: GC90-128

That the Canadian Medical Association recommend to all levels of government that they evaluate all economic activities in the light of their effect on health and environment, and that standards be set and enforced to minimize adverse effects on health and environment.

## Heart disease and cardiopulmonary resuscitation skills

<https://policybase.cma.ca/en/permalink/policy723>

Policy Type: Policy resolution  
Last Reviewed: 2015-Feb-28  
Date: 1990-Aug-23  
Topics: Population health/ health equity/ public health  
Resolution: GC90-101

That the Canadian Medical Association and its members support and encourage public education programs that promote healthy lifestyles, the recognition of warning symptoms and signs of heart disease, and the acquisition of manual cardiopulmonary resuscitation skills, recognizing that these skills are most effective when combined with a pre-hospital advanced life support system.

## Hospital privileges for family physicians

<https://policybase.cma.ca/en/permalink/policy535>

Policy Type: Policy resolution  
Last Reviewed: 2017-Mar-04  
Date: 1981-Mar-14  
Topics: Population health/ health equity/ public health  
Resolution: BD81-03-74

That the Canadian Medical Association recommends that hospital privileges for family physicians should be dependent on licensure by the provincial medical licensing bodies and should not be restricted to those physicians holding certification from the College of Family Physicians of Canada.

## Industry support for university research programs

<https://policybase.cma.ca/en/permalink/policy515>

Policy Type: Policy resolution  
Last Reviewed: 2015-Feb-28  
Date: 1990-May-26  
Topics: Population health/ health equity/ public health  
Resolution: BD90-05-215

That the Canadian Medical Association encourage industries to make significant commitments to basic research programs in Canadian universities.

## Infant formula
