Health systems, system funding and performance

Resolution: GC07-63

The Canadian Medical Association recommends that governments and other stakeholders work toward the following priorities: - create a children's commissioner and an Office for Children's Health, with a children's health advisor reporting to the Minister of Health - involve children in everything we do - address Aboriginal child health - develop a national child health strategy and national health goals and targets for children - develop an integrated children's health research strategy and an annual report card on children's health.
