Heart disease and cardiopulmonary resuscitation skills

<https://policybase.cma.ca/en/permalink/policy723>

Policy Type: Policy resolution

Last Reviewed: 2015-Feb-28

Date: 1990-Aug-23

Topics: Population health/ health equity/ public health

Resolution: That the Canadian Medical Association and its members support and encourage public education programs that promote healthy lifestyles, the recognition of warning symptoms and signs of heart disease, and the acquisition of manual cardiopulmonary resuscitation skills, recognizing that these skills are most effective when combined with a pre-hospital advanced life support system.
