COVID-19 Vaccine Global Intellectual Property Policy

Policy position recommendation

1. The Canadian Medical Association recommends that governments and the pharmaceutical industry engage in discussions aimed at facilitating equitable access to COVID-19 vaccines and medical countermeasures on a global scale.

2. The Canadian Medical Association recommends that governments support the development of intellectual property policies that facilitate the sharing of technology and knowledge for the benefit of public health.

3. The Canadian Medical Association recommends that governments support the development of intellectual property policies that facilitate the sharing of technology and knowledge for the benefit of public health.

4. The Canadian Medical Association recommends that governments support the development of intellectual property policies that facilitate the sharing of technology and knowledge for the benefit of public health.

5. The Canadian Medical Association recommends that governments support the development of intellectual property policies that facilitate the sharing of technology and knowledge for the benefit of public health.

6. The Canadian Medical Association recommends that governments support the development of intellectual property policies that facilitate the sharing of technology and knowledge for the benefit of public health.

7. The Canadian Medical Association recommends that governments support the development of intellectual property policies that facilitate the sharing of technology and knowledge for the benefit of public health.

8. The Canadian Medical Association recommends that governments support the development of intellectual property policies that facilitate the sharing of technology and knowledge for the benefit of public health.

9. The Canadian Medical Association recommends that governments support the development of intellectual property policies that facilitate the sharing of technology and knowledge for the benefit of public health.

10. The Canadian Medical Association recommends that governments support the development of intellectual property policies that facilitate the sharing of technology and knowledge for the benefit of public health.
