Ladies and gentlemen of the Council of the Federation, we are pleased to present our submission on the Council of the Federation meeting and Canada’s health funding priorities. Our submission focuses on the following key areas:

1. Health systems: The current state of our health systems and the challenges they face.
2. System funding: The importance of adequate funding for health systems to ensure their sustainability.
3. Performance: The need for improved performance metrics to measure the effectiveness of our health systems.

We believe that by addressing these areas, we can work towards a healthier and more equitable society for all Canadians.

Yours truly,
