Appearance before the House of Commons Standing Committee on Health

Dr. Katharine Smart
President of the Canadian Medical Association
May 9, 2022

Thank you for the opportunity to address the House of Commons Standing Committee on Health. As President of the Canadian Medical Association, I am pleased to provide my views on the current state of our healthcare system and the need for investment in system funding and performance.

Health systems across Canada are facing significant challenges, including workforce shortages, funding shortfalls, and rising costs. The pandemic has only intensified these issues, putting even more pressure on our healthcare providers and��统.

Investing in our healthcare system is crucial for ensuring the health and well-being of all Canadians. It is time for our government to recognize the value of a strong and sustainable healthcare system and commit to providing the necessary funding to support it.

Thank you for considering my recommendations. I look forward to your continued leadership in shaping a healthier future for all Canadians.
