Vaccine certificates

Policy position recommendation

1. The Canadian Medical Association (CMA) endorses the implementation of strategies to ensure equitable, accessible, and informed vaccine uptake among all Canadians.
2. CMA supports policies that promote public health education and awareness about the benefits and risks associated with vaccination.
3. CMA recommends the establishment of a national framework for vaccine distribution and allocation, including transparency and accountability.
4. CMA encourages the development of strategies to address the needs of vulnerable populations and underserved communities.
5. CMA supports the implementation of measures to safeguard the integrity of vaccine supply and distribution systems.

Full policy recommendation:

1. The CMA strongly recommends that governments provide support for measures that promote equitable access to COVID-19 vaccines, including financial assistance to ensure that all residents have access to vaccines. This includes ensuring that vaccines are provided free of charge to those who cannot afford them.

2. Governments should consider implementing measures to ensure that all residents have access to COVID-19 vaccines, including financial assistance to ensure that all residents have access to vaccines. This includes ensuring that vaccines are provided free of charge to those who cannot afford them.

3. The CMA recommends that governments provide support for measures that promote equitable access to COVID-19 vaccines, including financial assistance to ensure that all residents have access to vaccines. This includes ensuring that vaccines are provided free of charge to those who cannot afford them.

4. The CMA recommends that governments provide support for measures that promote equitable access to COVID-19 vaccines, including financial assistance to ensure that all residents have access to vaccines. This includes ensuring that vaccines are provided free of charge to those who cannot afford them.

5. The CMA recommends that governments provide support for measures that promote equitable access to COVID-19 vaccines, including financial assistance to ensure that all residents have access to vaccines. This includes ensuring that vaccines are provided free of charge to those who cannot afford them.

6. The CMA recommends that governments provide support for measures that promote equitable access to COVID-19 vaccines, including financial assistance to ensure that all residents have access to vaccines. This includes ensuring that vaccines are provided free of charge to those who cannot afford them.

7. The CMA recommends that governments provide support for measures that promote equitable access to COVID-19 vaccines, including financial assistance to ensure that all residents have access to vaccines. This includes ensuring that vaccines are provided free of charge to those who cannot afford them.

8. The CMA recommends that governments provide support for measures that promote equitable access to COVID-19 vaccines, including financial assistance to ensure that all residents have access to vaccines. This includes ensuring that vaccines are provided free of charge to those who cannot afford them.

9. The CMA recommends that governments provide support for measures that promote equitable access to COVID-19 vaccines, including financial assistance to ensure that all residents have access to vaccines. This includes ensuring that vaccines are provided free of charge to those who cannot afford them.

10. The CMA recommends that governments provide support for measures that promote equitable access to COVID-19 vaccines, including financial assistance to ensure that all residents have access to vaccines. This includes ensuring that vaccines are provided free of charge to those who cannot afford them.
