Appearance before the House of Commons Standing Committee on Health

Dr. Kathleen Smart
President of the Canadian Medical Association
May 9, 2022

Thank you for the invitation to appear before the Standing Committee on Health today. I am here to address current issues in the health care system and to discuss the importance of maintaining a strong and well-funding health care system.

I refer to the Committee's recent report on the governance of health information and the role of patient partners in health care decision-making. This is a critical issue, particularly given the COVID-19 pandemic and the need for rapid dissemination of information.

The Canadian Medical Association (CMA) supports the Committee's recommendations and encourages all stakeholders to work together to prioritize and fund this vital work.

Thank you for your attention.
