A Doctor for Every Canadian – Better Planning for Canada’s Health Human Resources
The Canadian Medical Association (CMA) would like to see a coherent strategy for training doctors in Canada, while increasing the number of opportunities for women and recent graduates.

Children’s Health

Doctors are needed in Canada to care for children. The CMA believes that the health of children is the key to the health of a nation.

Women in Medicine

The CMA supports the participation of women in medicine and encourages all women to pursue careers in medicine.

Doctors in General Practice

General practice is a vital part of the primary care system in Canada. The CMA believes that general practice is a key to the health of Canadians.

Doctors in the Public Health Sector

The CMA supports the participation of doctors in the public health sector.

Doctors in Specialty Medicine

The CMA supports the development of specialty medicine in Canada.

Doctors in the Rural Healthcare Sector

The CMA supports the development of rural healthcare in Canada.

Doctors in the Hospital Sector

The CMA supports the development of hospital healthcare in Canada.

Doctors in the Medical Education Sector

The CMA supports the development of medical education in Canada.

Doctors in the Administration Sector

The CMA supports the development of administrative healthcare in Canada.

Doctors in the Research Sector

The CMA supports the development of research in medicine.

Doctors in the Policy Sector

The CMA supports the development of healthcare policy in Canada.

Doctors in the International Sector

The CMA supports the development of healthcare in the international sector.
