Legalization, Regulation and Restriction of Access to Marijuana

Government of Canada – Task Force on Marijuana Legalization and Regulation

August 29, 2016

STATEMENT

Chai Subraman - Application of Health

Policy, September 19, 2016 - The CMA’s submission to the Task Force on Marijuana Legalization and Regulation (TFM) is available online. The CMA has been invited to submit comments on the consultation document titled "Cannabis and Public Health".

We believe that the CMA’s recommendations are consistent with the Government of Canada’s objectives outlined in this document.

The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.

Recommendations:

1. The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.

2. The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.

3. The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.

4. The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.

5. The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.

6. The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.

7. The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.

8. The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.

9. The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.

10. The CMA recommends that the public health system be prepared to address the public health needs of the public in the context of the legalization of cannabis.
